Ex. 6 Personal Privacy (PP)

Dear Mr. Vander Meulen:

**Subject: NPDES Inspection Report; TIVA Dairy**

Please find enclosed EPA's inspection report of September 30, 2015.

EPA identified several areas of concern during the inspection:

- The current configuration of the 4 bermed-areas, ditch, and pump are not included in the approved EWMP. The permittee does not appear to have notified the Regional Board in writing of changes to the EWMP.
- The ditch on the eastern border of the facility appeared to have excessive vegetation.

Please provide a response to these issues within 45 days. A response may be provided electronically to [Tinger.John@EPA.gov](mailto:Tinger.John@EPA.gov) or via mail at:

John Tinger

Sincerely,
